

Birklands Primary School

Sports Funding Action Plan

2016-17

Background

In April 2013, the government announced new funding of £150million for physical education and sport, to be used to improve the quality and breadth of PE and sport provision. Funding has been allocated to all maintained and state-funded schools with primary phase pupils from 1st September 2013. A typical primary school receives approximately £9,250 annually in the academic years 2013/2014 and 2014/2015., 2015/2016 and will continue for 2016-17.

Schools are free to determine how best to use this funding to improve the quality and breadth of PE and sport provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach performance levels they are capable of.

Set out below is a proposed action plan for the 2016-17 allocation of monies for Birklands Primary School.

In 2016-17 Birklands Primary School will receive **£8,610** in School Sports Funding.

Action	Who/With	Time Frame	Steps to success	Cost	Outcome
