BIRKLANDS
PRIMARY SCHOOL

Dear parents and carers,

At School we use a system called Bromcom to take registers and store details about our pupils. We are pleased to share that we will be using a new part of the system called My Child At School (MCAS). This is an app designed to enable school and parents to communicate quickly and easily.

You will receive an email inviting you to download the app along with a link to a guide that will support you in accessing the app. If you do not receive an email please contact school ASAP.

We strongly encourage everyone to download the app as it will give you access to information about your child such as up to date attendance, school announcements and the ability to directly message school or your child's class teacher.

As you know we have Parents' Evening scheduled for October 18th and 19th. We will be using the MCAS app for booking Parents' Evening appointments which is why it is important that you download the app. The booking for Parent's Evening will be available from Monday 10th October.

There are other facilities that the app will provide that we are looking to introduce once we have it set up and running effectively.

If you have any issues downloading or accessing the app please contact the school ASAP.

Yours sincerely,

Mr M Cohen
Deputy Head Teacher
