Dear Parents/Carers,

Empowering Minds is offering an online workshop for parents. This session is designed to provide a comprehensive understanding of the online trends your children may encounter, the most popular apps they use, the risks involved, and practical strategies to keep them safe. The workshop will cover key topics to help parents effectively manage online safety challenges.

You only need to attend one session to receive all this valuable information. The sessions are scheduled on different dates to accommodate various schedules.

The workshops are free of charge. After "purchasing" a ticket for an event and registering with your email, you will receive a link to join the session online.

Below are the available dates, times, and links to "purchase" tickets:
