Dear Parent/carers

**Remote Learning expectations for our Children**

A massive well-done and feel proud if you and/or your child has accessed the remote learning via TEAMS this week.

We acknowledge that this is not easy so thank-you for persevering with it.

Hopefully, now you and your child are getting the hang of TEAMS it will become easier and less stressful.

As a school, we thought it would be helpful to share our expectations with the children and so have put a quick read together for them. Please click the link below for this and share this with your child.

Don't forget if you are still having a few issues with TEAMS do contact the relevant teacher and they will support you.

Remember to stay home and stay safe.
