

Birklands' Remote Learning Expectations

As a school, we thought we would share with you what we expect from you while you are doing your learning from home.

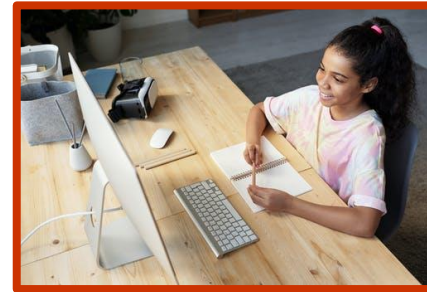

Access your learning each school day

Complete all tasks set to a high standard

Email your teacher directly with any queries instead of posting them in the 'chat' section of TEAMS

Submit your work or a photograph of your work to the teacher

When communicating with the class teacher be respectful. Avoid using emojis

Only communicate with the teacher responsible for setting your remote learning

Do not use TEAMS as a social platform to communicate with your peers or class friends
