

Week 6

Our theme for the next three weeks will focus on exploring the local area. Some tasks will take longer than others, so feel free to complete these over several days if needs be. You may do these in any order that you wish, and present your work in a way that suits you- be creative!

Geography

Create a map of your street or local area. You could use a map or go for a walk around your local area with a grown up.

Land Use

Go for a walk around Warsop and make a tally chart to record how many of these buildings you see.

Building use	Tally
Restaurant or Café	
Bank	
Post Office	
Doctor/dentist	
Clothes shop	
Supermarket	
Hairdressers/beauty salon	
Estate Agent	
Charity Shop	
Gym/Sports centre	
Place of Worship	
Housing	

Instructions

Write detailed instructions to help someone get from your house to school. For example;

- 1) First, you need to go through my small, white gate onto Main Street and turn immediately to your left.
- 2) Next, walk down the hill until you get to the post-box on the corner.
- 3) After that, turn right and continue walking along the narrow, winding path which has trees on the left and fields on the right.
- 4) After 200 meters, you will have to carefully cross over the road, before continuing straight.
- 5) Finally, you will see school on your right. Go in through the first green gate.

Story Writing

Write a short story set in Warsop! It could be about anything – let your imagination run wild! Maybe you could use one of these genres:

- Mystery / Detective
- Adventure
- Fairytale
- Sci-Fi

Imagine

Imagine you have been asked to plan and design your own town. How would it look? What buildings would you include? Would you have lots of fields and open spaces, or lots of buildings? You could design your town on squared paper, make a PowerPoint presentation or build a model out of Lego/cardboard boxes.
